(a) self-identifies as a member of another Aboriginal group that asserts Section 35 Rights within the Settlement Area; or

(b) is a member of another Aboriginal group that is party to a comprehensive land claims agreement or treaty.

3.2.2 Notwithstanding 3.2.1, if an individual ceases to be enrolled pursuant to a comprehensive land claims agreement referred to in 3.2.1(b) or waives entitlement to Section 35 Rights other than those described in or recognized by the Final Agreement, the individual shall be entitled to enrol as a Beneficiary.

3.2.3 The Final Agreement may address a process for the waiver of entitlement to Section 35 Rights described in 3.2.2.

3.3 ENROLMENT BOARD

3.3.1 The Final Agreement will provide that, immediately following the Effective Date, an Enrolment Board shall be established to carry out the functions described in this Chapter.

CHAPTER 4 ALGONQUIN INSTITUTIONS

4.1 Prior to the Final Agreement, the Algonquins will designate Algonquin Institutions and approve their structures, mandates and powers.

4.2 The Final Agreement will identify the Algonquin Institutions that will receive and manage Settlement Lands, the Capital Transfer and other assets, and will discharge responsibilities and exercise powers on behalf of the Algonquins under the Final Agreement.

4.5 After the Effective Date, the Algonquins may restructure, terminate and create Algonquin Institutions, and may transfer Algonquin Capital among Algonquin Institutions.

4.6 The Algonquins will maintain a public register of Algonquin Institutions.

4.7 Ontario and Canada shall not be liable for the failure of any Algonquin Institution to comply with the rules and principles governing the structure and management of those institutions.
CHAPTER 5 LANDS

5.1 SETTLEMENT LANDS

5.1.1 The Final Agreement will provide that Ontario will transfer the parcels identified on the Descriptive Plans in Appendix 5.1.1, and as further illustrated on Reference Maps A to H, being approximately but not less than one hundred and seventeen thousand, five hundred (117,500) acres, as Settlement Lands to Algonquin Institutions following the Effective Date in accordance with the Implementation Plan agreed to by the Parties pursuant to Chapter 14.

5.1.2 The Final Agreement may identify parcels of Federal Crown Land that may be transferred to Algonquin Institutions as Settlement Lands in accordance with the Implementation Plan agreed to by the Parties pursuant to Chapter 14 provided that:

(a) Federal Crown Lands become available in accordance with the Surplus Real Property Initiative;

(b) the Algonquins express an interest in those lands; and

(c) the Department of Indian Affairs and Northern Development acquires those lands in accordance with the Surplus Real Property Initiative.

5.1.3 Subject to the exceptions set out in the Final Agreement, the Settlement Lands identified in 5.1.1 and 5.1.2 will be transferred in fee simple absolute and will include all surface and subsurface rights including, without limitation, all Minerals on, under or within those lands.

5.1.4 Prior to the Final Agreement, the Parties may agree to modifications with respect to the Settlement Lands described in Appendix 5.1.1, provided that the land quantum to be provided by Ontario identified in 5.1.1 remains approximately but not less than one hundred and seventeen thousand, five hundred (117,500) acres.

5.1.5 Title to Settlement Lands will vest on the Date of Transfer. The Parties will agree to a schedule for the transfer of Settlement Lands in the Implementation Plan.
5.1.6 Ontario Power Generation holds water power leases for certain lands as identified in Schedule 5.1.6. Prior to the Final Agreement Ontario will endeavour to negotiate a partial surrender of those leases by Ontario Power Generation on terms that are acceptable to the Parties and to include the lands identified in Schedule 5.1.6 as Settlement Lands to be transferred to an Algonquin Institution in accordance with the Implementation Plan.

5.1.7 Certain lands as identified on the Descriptive Plans in Appendix 5.1.7, and on Reference Maps A and F, are County forests that require the County of Renfrew’s approval to transfer. Prior to the Final Agreement, Ontario will seek the County of Renfrew’s approval to transfer the lands, following which, and prior to the Final Agreement, Ontario, the County of Renfrew and the Algonquins will negotiate the terms of any such transfer.

5.1.8 Ontario and the Algonquins have identified Camp Island, Parcel 83F3 shown on the Descriptive Plan in Appendix 5.1.8 and on Reference Maps A and G, as a potential parcel of Settlement Land. A working group has been established to review this land selection and to make recommendations with respect to its ownership and management. Prior to the Final Agreement, the Parties will determine whether Camp Island will be transferred to an Algonquin Institution as Settlement Land.

5.1.9 Except where a survey is required to determine navigability, the Final Agreement will specify which beds of waters will be part of the Settlement Lands, having regard to the principle that Ontario and Canada will retain administration and control of the beds of navigable waters.

5.1.10 For greater certainty, nothing in 5.1.9 will affect Canada’s jurisdiction over navigable waters.

5.1.11 For greater certainty, the area of any beds of waters that are transferred to an Algonquin Institution as Settlement Lands will be included in the total land quantum as described in 5.1.1.

5.1.12 As a general principle, Ontario will not transfer Public Roads.

5.1.13 Where indicated on applicable Descriptive Plans, Ontario will close and transfer portions of unopened road allowances, including unopened, un-submerged shore road allowances, in the Settlement Area that are within its administration and control.

5.1.14 For greater certainty, Ontario will not transfer any road allowances that are owned by a municipality.
5.1.15 Where indicated on applicable Descriptive Plans, Ontario will close such unopened road allowances, including unopened, un-submerged shore road allowances that are within those Protected Areas that will be deregulated and transferred to an Algonquin Institution, and transfer those road allowances.

5.1.16 Prior to the Final Agreement, where indicated on applicable Descriptive Plans, the Parties will discuss with appropriate municipalities the possibility of closing and transferring to an Algonquin Institution municipally-owned unopened road allowances including unopened, un-submerged shore road allowances.

5.1.17 Where a parcel of Settlement Land is adjacent to a body of water, Ontario will release the shoreline reserve, if any, unless there is an incompatible Third Party right or interest, such as a flooding right that requires a shoreline reserve, a municipally-owned shore road allowance that the municipality wishes to retain, or a shore road allowance administered and controlled by Ontario that Ontario wishes to retain.

5.2 THIRD PARTY INTERESTS IN SETTLEMENT LANDS

5.2.1 Settlement Lands will be subject to the rights or legal interests of Third Parties in the lands existing at the Date of Transfer, or created or modified pursuant to the Final Agreement.

5.2.2 For greater certainty, those holding legal interests on Settlement Lands existing at the Date of Transfer will continue to enjoy the use of those lands after the Date of Transfer, in accordance with the following principles:

(a) mining leases and mining claims will continue in accordance with their terms;

(b) aggregate permits will be replaced by aggregate licences to be issued by Ontario for the same volume of aggregate material as set out in the permit, provided that the Algonquins and the aggregate permit holders negotiate a lease for the use of the lands that are subject to the existing permit;

(c) the Algonquins will negotiate agreements for recreation camps with those holding Land Use Permits for recreation camps;

(d) existing authorities for Public Utilities to use Settlement Lands will be replaced by easements where no easement currently exists;
(e) Licences of Occupation for flooding will be replaced by reservations in the patent of rights to flood to be developed prior to the Final Agreement;

(f) the Algonquins will negotiate agreements with trapline holders or resident trappers, who will continue to be licensed or authorized by Ontario, providing for continued trapping on Settlement Lands; and

(g) the rights and interests granted by other instruments including, but not limited to, Land Use Permits and Licences of Occupation will continue through agreements negotiated by the Algonquins and the Third Parties on a case-by-case basis.

5.2.3 Prior to the Final Agreement, Ontario will participate as a facilitator in the negotiation of the terms and conditions, including the duration, of the leases and agreements contemplated in 5.2.2.

5.2.4 Prior to the Final Agreement, the Algonquins and Ontario will negotiate transitional arrangements with licensees of baitfish harvest areas and bear management areas on Settlement Lands.

5.2.5 Third Parties holding rights, title or other legal interests as described in 5.2.1 to 5.2.4 will continue to have or will be provided with such right of access to or across such portions of the Settlement Lands or waters overlying such lands, as is reasonably necessary for the exercise or enjoyment of that right, title or other legal interest.

5.2.6 After the Effective Date, and until the Date of Transfer, Ontario will hold in trust for the Algonquins any revenues identified in the Final Agreement that are paid to Ontario by Third Parties with respect to their interests in a parcel of Crown Lands that will be transferred to an Algonquin Institution as Settlement Lands.

5.2.7 After the Date of Transfer of a parcel referred to in 5.2.6, Ontario will transfer any amounts held in trust in accordance with 5.2.6, along with the interest accruing on the revenues from the Effective Date, at a rate identified in the Final Agreement.

**Forest Operations on Settlement Lands**

5.2.8 Settlement Lands subject to a Sustainable Forest Licence shall be transferred to an Algonquin Institution after the expiry of Forest Management Plans existing as of the date of the Agreement-in-Principle, provided that if there are any proposed amendments to Forest Management Plans that could adversely affect prospective Algonquin interests in those Settlement Lands prior to transfer, Ontario will Consult the Algonquins.
5.2.9 The Algonquins will negotiate transitional plans with Ontario and the holders of Sustainable Forest Licences, forest resource licences and supply agreements applying to Settlement Lands prior to the Date of Transfer, which will ensure these licence holders’ access to Forest Resources on the Settlement Lands during a transition period.

Public Utilities

5.2.10 After the Effective Date, and until the Date of Transfer, Ontario or Canada, as appropriate, will hold in trust for the Algonquins any revenues identified in the Final Agreement that are paid by Public Utilities to Ontario or Canada for the use of and access to a parcel of Crown Lands that will be transferred to the Algonquins as Settlement Lands.

5.2.11 After the Date of Transfer, Ontario or Canada, as appropriate, will transfer the revenues held in trust in accordance with 5.2.10, along with the interest accruing on the revenues from the Effective Date, at a rate identified in the Final Agreement.

5.2.12 Public Utilities that have an existing right of access to and use of any Settlement Lands at the Date of Transfer will, after that date, pay to the Algonquins any revenues identified in the Final Agreement that were previously paid to Ontario or Canada in relation to that right, unless the Parties otherwise agree.

5.2.13 Notwithstanding the initial rates paid on the Date of Transfer the monies paid to the Algonquins for existing rights of access and use pursuant to 5.2.12 will be based on rates established from time to time by the Crown in its sole discretion for Public Utility access to and use of Crown Lands in the Settlement Area, unless the Parties otherwise agree.

Identification of Third Party Rights

5.2.14 The Third Party rights, title or legal interests in the proposed Settlement Lands known at the time of the Agreement-in-Principle are identified on the applicable Descriptive Plans.

Public Access to Crown Lands

5.2.15 The Final Agreement will identify lands required to maintain public access across Settlement Lands to Crown Lands, including Protected Areas, and the method and legal means by which that access will be maintained.
5.3 ALGONQUIN INTERESTS IN PROVINCIAL CROWN LANDS

5.3.1 Ontario will provide easements or other rights of access to the Algonquins over particular parcels of Crown Land as described on the applicable Descriptive Plans, and as further illustrated on Reference Maps I, J, L and M, for access from Settlement Lands to other areas.

5.3.2 Ontario will provide to the Algonquins rights of first refusal for certain parcels, identified on Reference Maps I and L, subject to the terms and conditions specified in Schedules 5.3.2A, 5.3.2B, and 5.3.2C and in agreements to be negotiated by Ontario and the Algonquins.

Agreements for Special Protections on Crown Lands

5.3.3 Prior to the Final Agreement, Ontario and the Algonquins will negotiate Area of Algonquin Interest Agreements providing special protections for parcels of Crown Land which are of cultural or historic importance to the Algonquins and which are identified as Areas of Algonquin Interest on the Descriptive Plans in Appendix 5.3.3, and as further illustrated on Reference Maps I, J, K, L and M.

5.3.4 The Area of Algonquin Interest Agreements will be consistent with the principles set out in Schedule 5.3.4.

5.3.5 If Ontario and the Algonquins cannot finalize an Area of Algonquin Interest Agreement for any particular parcel identified in Appendix 5.3.3 prior to the Final Agreement, the lands will continue to be governed by Provincial Law and the principles set out in Schedule 5.3.4 will not apply.

5.3.6 Any Area of Algonquin Interest Agreement entered into between Ontario and the Algonquins will come into force on the Effective Date and thereafter will be recognized in Crown Land use planning designations and identified in the Crown Land Use Planning Atlas.

5.3.7 Each Area of Algonquin Interest Agreement will set out the process by which it may be amended.

5.4 BOUNDARIES, SURVEYS AND DESCRIPTIONS

5.4.1 The Crown shall survey, in accordance with applicable surveying standards and pursuant to the schedule set out in the Implementation Plan:

(a) the boundaries of Settlement Lands and any easements to and across Settlement Lands; and

(b) the boundaries of any Crown or Third Party rights or legal interests that the Parties agree require surveying.
5.4.2 Where a Descriptive Plan appended to the Final Agreement contains an error or omission, the survey of the relevant Settlement Lands shall rectify the error or omission and will supersede the Descriptive Plan.

5.4.3 The Settlement Lands will be surveyed, where practicable, by reference to natural or other existing boundaries, such as the boundaries of lakes or rivers and existing municipal boundaries, lot lines and rights-of-way.

5.4.4 Ontario and Canada shall be responsible for the cost of the surveys conducted pursuant to 5.4.1.

5.4.5 Neither Ontario nor Canada shall be responsible for the costs of any surveys of Settlement Lands, other than those identified in 5.4.1 after the Date of Transfer.

5.5 CONTAMINATED SITES

5.5.1 Unless otherwise agreed, Ontario and Canada will not transfer any lands that are determined to be contaminated beyond a standard acceptable to the Parties after completing the environmental assessment processes described in 2.13.

5.5.2 Notwithstanding 5.5.1, and provided the Parties negotiate appropriate releases and indemnities in relation to any contamination and/or remediation, lands that are determined to be contaminated beyond a standard acceptable to the Parties may be transferred to an Algonquin Institution:

(a) if the Parties agree to a remediation plan with respect to any particular contaminated parcel prior to the Final Agreement; or

(b) if the Algonquins accept the transfer of a parcel known to be contaminated.

5.5.3 Ontario or Canada, as applicable, shall be responsible for the costs associated with any remediation pursuant to 5.5.2(a) on Settlement Lands. This provision shall not prevent Ontario or Canada, as applicable, from taking whatever steps are required to recover any costs associated with the remediation from a Person who has caused the contamination or is otherwise liable for these costs.

5.5.4 The Final Agreement will address the obligations of the Parties should Settlement Lands after the Date of Transfer be determined to be contaminated beyond a standard acceptable to the Parties.
5.6 LAND USE PLANNING

5.6.1 The Final Agreement will provide official plan designations and zoning for Settlement Lands, compatible with any applicable official plan and zoning by-law. Official plan designations and zoning will become effective on the Date of Transfer.

5.6.4 For greater certainty, any development intended by the Algonquins on the Settlement Lands following the Date of Transfer will be subject to the jurisdiction of the applicable federal, provincial or municipal approval authority.

5.7 ACCESS TO OR ACROSS SETTLEMENT LANDS

5.7.1 For greater certainty, except as otherwise provided in the Final Agreement, access to or across Settlement Lands will be governed by the laws that apply to fee simple lands in Ontario, including the Road Access Act, the public right of navigation and laws relating to access to the shoreline for mariners in distress.

Access to Settlement Lands for Governmental Purposes

5.7.2 Without limiting the generality of 5.7.1, nothing in the Final Agreement will alter access and land use rights, privileges or obligations existing at law that apply to fee simple land, of members of the Canadian Armed Forces and members of foreign armed forces serving with or under the operational control of the Canadian Armed Forces, employees, contractors and agents of Canada, Ontario, municipal governments or other statutory entities, including, peace officers, Inspectors, child protection officers and law enforcement officers.

5.7.3 Persons exercising access to Settlement Lands in accordance with 5.7.2 will not be required to pay fees or other compensation for that access, unless otherwise required by law.
Access for Continuing Research

5.7.4 Employees, agents, and contractors of Ontario, or persons otherwise authorized by Ontario, will continue to have access without payment of fees or other compensation, to such Settlement Lands as are specified in a schedule to the Final Agreement, for purposes of carrying out research that is ongoing and not completed at the time of the Final Agreement. Where access for research is exercised reasonable notice to the Algonquins, as specified in the Final Agreement, will be provided:

(a) before entering, crossing and remaining on Settlement Lands if it is practicable to do so; or

(b) as soon as practicable after entering, crossing and remaining on the Settlement Lands.

Third Party Access Across Settlement Lands

5.7.5 Where Ontario determines that access across Settlement Lands is reasonably necessary for the exercise or enjoyment of a Third Party’s right, title or other legal interest located off Settlement Lands that is existing as of the Date of Transfer, Ontario will determine, after discussion with the Algonquins and the Third Party, whether such access shall be provided by way of:

(a) an exclusion from the Settlement Lands;

(b) the grant by Ontario of an easement or other legal interest or right prior to the Date of Transfer; or

9.1.3 Nothing in the Final Agreement will affect the jurisdiction of Ontario in relation to Protected Areas and that jurisdiction will be exercised in a manner that is consistent with the Final Agreement.

9.1.4 The Final Agreement will provide that Ontario will Consult with the Algonquins if it proposes to establish a new Protected Area located in whole or in part within the Settlement Area after the Effective Date.

9.1.5 Nothing in the Final Agreement will affect Ontario’s ability to consult with the public in the course of Protected Area Management Planning.

9.1.6 Prior to the Final Agreement Ontario agrees to change the name of Westmeath (Bellows Bay) Provincial Park to a name agreed to by Ontario and the Algonquins.

Participation in Protected Area Management Planning

9.1.7 Ontario will work in close collaboration with the Algonquins in management planning as set out in 9.1.10 to 9.1.16.

9.1.8 The Final Agreement will provide that the Minister of Natural Resources and Forestry will appoint at least one person nominated by the Algonquins to the Ontario Parks Board of Directors.

9.1.10 Ontario and the Algonquins will establish a planning committee through which Ontario and the Algonquins will engage in management planning in Protected Areas in accordance with the Level 3 participation set out in 9.1.12.
9.1.11 The Final Agreement will provide that the planning committee will meet at least once a year, and for a period of 10 years will be funded from the Implementation Plan, following which the Algonquins will be responsible for their own costs of participation. Prior to the Final Agreement, Ontario and the Algonquins may develop additional terms of reference for the committee.

If the Algonquins and that Director cannot agree on the appropriate level of participation, the Algonquins may make a submission to the Minister, who will take into account that submission when making a decision on the appropriate level of Algonquin participation.

9.1.29 If Ontario and the Algonquins agree to implement an Algonquin steward program, staffing, job specifications, funding arrangements and other program specifics will be addressed through an agreement between Ontario and the Algonquins to be negotiated before the Final Agreement.
Additions to Protected Areas

9.1.30 The Final Agreement will describe the boundaries for a recommended addition to Lake St. Peter Provincial Park and a recommended Provincial Park (Natural Environment Class) in the area of the Crotch Lake Conservation Reserve for the land identified in Descriptive Plans in Appendix 9.1.30 and as further illustrated in Reference Maps I and J. Third Party interests falling within the boundaries of the recommended Protected Areas will be addressed in accordance with Schedule 9.1.30.

9.1.31 For greater certainty, the implementation of any recommendation under 9.1.30 will be subject to all applicable laws, any applicable land use planning and environmental assessment processes and the Provincial Parks and Conservation Reserves Act.

15.7.4 Where the chair of the Review Committee determines that:

(a) a quorum cannot be struck because three (3) members of the Review Committee cannot be identified who are not members of a community represented by an Algonquin Negotiation Representative from which a protester or person protested is also a member; or

(b) there would be a reasonable apprehension of bias on the part of Algonquins who are members of the Review Committee;

a protest may be dealt with by a single member of the Review Committee where that member is a retired judge of the Superior Court of Ontario or the Federal Court.

15.7.5 The Review Committee, in considering a protest concerning criteria in 3.1.2(a)(i) and (ii), shall retain a genealogist, and may retain such other advisers or experts as appropriate other than the enrolment officer referred to in 15.5.1.

15.7.6 No present member or consultant of a negotiating team of one of the Parties in relation to negotiations towards the Final Agreement is eligible to be appointed to or to advise the Review Committee. Past members or consultants of such negotiation teams are under the same restriction for the five (5) year period immediately prior to the appointment of the Review Committee.

15.7.7 Nothing in 15.7.6 shall preclude a member or consultant of a negotiation team for one or more of the Parties from participating in a general briefing of the Review Committee regarding its role.

15.7.8 In considering protests, the Review Committee may:

(a) reject a protest if in the opinion of the Review Committee:

   i the person making the protest lacks standing to make a protest;

   ii the protest does not contain grounds that could, if proven, lead to a successful protest, or

   iii the protest is frivolous or vexatious;

(b) determine that further information or evidence is required before the protest can be heard, and so inform the person making the protest;

(c) convene a hearing into the protest.
15.7.9 Where the Review Committee has convened a hearing into a protest, all Parties to the Protest, and the enrolment officer retained under 15.5.1, shall be provided an opportunity to make further submissions to respond to objections made to the inclusion or omission of an individual’s name on the Preliminary Voters List. The Review Committee shall not overturn a decision of the Ratification Committee to accept or reject an Applicant approved by the Ratification Committee in the absence of a palpable and overriding error by the Ratification Committee or an Appeal Board that determined that an ancestor of the Applicant was an Algonquin Ancestor, fraud in any application, or new evidence that was not available to the Ratification Committee or the Appeal Board that determined that an ancestor of the Applicant was an Algonquin Ancestor.

15.7.10 In considering a protest, the Review Committee shall rely on the eligibility criteria in Chapter 3 except for the exclusion in 3.2.1(b). The Review Committee may order the Ratification Committee to delete a name from the preliminary list of Algonquin Ancestors but has no authority to order the addition of a name to such list.

15.7.11 The Review Committee shall consider all protests and shall make a final determination within seventy (70) days of the posting of the Preliminary Voters List.

15.7.12 The decision of the Review Committee respecting protests shall be final and shall be sent, along with written reasons for its decisions, to all Parties to the Protest and to the Ratification Committee.

15.7.13 The decision of the Review Committee shall be implemented by the Ratification Committee.

15.7.14 Decisions of the Ratification Committee or of the Review Committee are not determinative for the enrolment of Beneficiaries under Chapter 3 of the Agreement-in-Principle.

15.7.15 Where the Parties have agreed to an additional phase of enrolment pursuant to 15.3.7:

(a) the protest provisions in 15.6 shall apply to all names included on or omitted from the Preliminary Voters List that is posted following the additional phase of enrolment, whether or not that name was included or omitted during the first or second phase of enrolment, unless a previous protest in relation to that name was disposed of by the Review Committee pursuant to 15.7.11, and
(b) following the first phase of enrolment may be adjourned, with the consent of the protester, to be heard following the completion of the second phase of enrolment and during the period established for hearing protests from the second phase of enrolment.

15.8 RULES AND PROCEDURES

15.8.1 The rules and procedures for voting in the ratification of the Agreement-in-Principle are set out in Appendix 15.2.3.

15.8.2 The Parties may amend any time period or deadline provided for under this Chapter or Appendix 15.2.3 by written agreement.

15.9 CUSTODY AND RETURN OF APPLICATION FILES

15.9.1 The Ratification Committee and the Review Committee will keep all application files confidential, subject to anything to the contrary in the Agreement-in-Principle, and in a secure place and will return or transfer application files and information tendered in any protest proceeding to the Algonquins of Ontario after the final Voters List is posted.

15.10 COSTS

15.10.1 Ontario and Canada will pay a previously agreed amount of funding for the reasonable costs associated with the Ratification Process.

15.10.2 Any cost associated with the Ratification Process beyond the approved funding provided under 15.10.1 will be the responsibility of the Algonquins.
SCHEDULE 15.5.5 ALGONQUIN PROTOCOL

1. Where an Applicant seeks to enrol under Chapter 15 of the Agreement-in-Principle on the basis of Direct Lineal Descent from a person who the Applicant believes is an Algonquin Ancestor but who is not on the preliminary list of Algonquin Ancestors, the Applicant will be given an opportunity to make submissions to the Algonquin Negotiation Representatives ("ANRs") as to why the proposed name should be added to that preliminary list of Algonquin Ancestors.

2. All applications to add a name to the preliminary list of Algonquin Ancestors must be supported by one or more historic records or documents that demonstrate that the proposed ancestor meets the definition of Algonquin Ancestor in the Agreement-in-Principle, the relevant portion of which reads:

   "Algonquin Ancestor" means a person who was born on or before July 15, 1897 and identified in an historic record or document dated on or before December 31, 1911, in such a way that it would be reasonable to conclude that the person was considered to be an Algonquin or Nipissing, or a full sibling of such a person. In this definition, a "full sibling" of a person is a sibling having the same natural mother and natural father as that person.

A preliminary list of Algonquin Ancestors agreed to by the Parties is attached as Appendix 3.1.

3. The ANRs shall review the applications, may conduct their own research and shall, unless otherwise agreed by them, engage a researcher to supplement the historic records or documents provided by the Applicant and provide a report on the merits of the application.

4. The ANRs may, in their discretion, convene a hearing to examine the historic records or documents in their possession regarding the application to add the proposed name to the preliminary list of Algonquin Ancestors, and shall give notice to any persons who in their judgement may be affected by the decision whether or not to add the proposed name to the preliminary list of Algonquin Ancestors.

5. The ANRs shall:
   
   (a) review the application and all supporting material submitted with the application;
   
   (b) review any research conducted under paragraph 3;
   
   (c) consider any submissions made by the Applicant and any other person regarding the application; and,
(d) reach a conclusion on whether the person from whom the Applicant claims Direct Lineal Descent was or was not an Algonquin Ancestor.

6. Any conclusion on whether the person from whom the Applicant claims Direct Lineal Descent was or was not an Algonquin Ancestor shall be made by a quorum of the ANRs.

7. Any ANR whose participation in the review of the application under this Protocol may give rise to a reasonable apprehension of bias shall not participate in the review.

8. Where a quorum of the ANRs cannot be struck because of a reasonable apprehension of bias, the ANRs shall refer the application to a retired judge of the Superior Court of Ontario or the Federal Court.

9. The conclusion of the ANRs or the retired judge, as the case may be, shall be conveyed in writing to the Applicant, Ontario, Canada, and to the ANRs as appropriate, with reasons for that conclusion as soon as practicable.

10. Where information concerning a potential Ancestor comes to the attention of an ANR, the ANRs can apply the process above with necessary modifications. An ANR who acts in place of an Applicant shall not be part of the review of the application.

13.5 All voting will be conducted by secret Ballot only.

13.7 When a person presents himself or herself at a Voting Station, the Ratification Vote Manager or a Community Ratification Officer will:
(a) ensure that the person’s name is on the Voters List;
verify the identity of the person through government-issued photo identification or other reliable identification, provided that the Ratification Vote Manager or Community Ratification Officer shall record in writing the nature of any identification that is not government-issued photo identification;

(c) check the Voters List to ensure that the person has not already voted;

13.8 The Ratification Vote Manager or a Community Ratification Officer will explain the method of voting to any Algonquin Voter upon request by that Algonquin Voter.

(a) is not able to read;

(b) is incapacitated by blindness or other physical cause; or

(c) requires assistance for any other reason.

13.10 The Ratification Vote Manager or a Community Ratification Officer will, where considered appropriate by the Ratification Vote Manager or a Community Ratification Officer, provide special assistance to an Algonquin Voter at the Voting Station by marking his or her Ballot, as directed by the Algonquin Voter, either in secret or in the presence of a witness chosen by the Algonquin Voter, and immediately depositing the Ballot into the ballot box.

13.11 When an Algonquin Voter has received special assistance, the Ratification Vote Manager or a Community Ratification Officer will make an entry on the Voters List opposite the name of the Algonquin Voter indicating the type of special assistance the Algonquin Voter received.

13.12 Except for an Algonquin Voter requiring special assistance, every Algonquin Voter receiving a Ballot at a Voting Station will:

(a) proceed immediately to a designated voting booth;
mark the Ballot by placing a mark either in the box marked “YES” or in the box marked “NO” or in any manner that clearly indicates the voter’s intention;

(c) fold the Ballot to conceal the mark and to expose the initials of the Ratification Vote Manager or a Community Ratification Officer;

(d) immediately give the folded Ballot to the Ratification Vote Manager or Community Ratification Officer who shall immediately place the Ballot in the ballot box; and

(e) if the Ballot is not returned, the Community Ratification Officer will note that the Ballot was not returned on the Voters List opposite the name of the Algonquin Voter who did not return his or her Ballot.

Orderly Voting

13.13 The Ratification Vote Manager or Community Ratification Officer will allow only one Algonquin Voter at a time into a voting booth, except for an Algonquin Voter receiving special assistance.

Verification and Rejection of Mail-in Ballots

13.16 At the time set for closing the Voting Station, the Ratification Vote Manager or the Community Ratification Manager will declare the Voting Station closed, and entry will be denied to the Voting Station. Algonquin Voters present inside the Voting Station at the time of closing will be able to cast a Ballot.
13.17 Following the last Voting Day, the Ratification Vote Manager will, in the presence of two (2) witnesses, verify each Declaration of Voter (Form 5) to ensure that the sender is an Algonquin Voter and has not already voted.

13.18 If the person named on the mail-in Ballot is an Algonquin Voter and has not already voted, the Ratification Vote Manager will:

(a) open the secrecy envelope, and without looking at the recorded vote on the Ballot;

(b) if the Ballot is authentic, place a line through the name of the Algonquin Voter on the Voters List to indicate that the Ballot was received by mail; and

(c) without opening or showing it, immediately deposit the Ballot into a ballot box used at a Voting Station.

13.19 The Ratification Vote Manager will reject a mail-in Ballot if:

(a) the person named on the mail-in Ballot Declaration of Voter (Form 5) is not an Algonquin Voter;

(b) the person named on the mail-in Ballot Declaration of Voter (Form 5) has already been given a Ballot and his or her name has been crossed off the Voters List pursuant to section 13.12;

(c) the information recorded on the Declaration of Voter (Form 5) does not allow the Ratification Vote Manager to identify the Algonquin Voter;

(d) the Declaration of Voter (Form 5) does not include the signature of a witness; or

(e) the Ballot is not authentic.

13.20 Where the Ratification Vote Manager rejects a mail-in Ballot under section 13.19, the Ratification Vote Manager will:

(a) record the date and time the mail-in Ballot was rejected on the Voters List or in the case of ineligible Voters a separate list; and

(b) keep the rejected Ballot in its secrecy envelope and the Declaration of Voter (Form 5) with the other rejected Ballots.
Security and Verification of Ballots

13.21 At the close of voting on each Voting Day, the Ratification Vote Manager will secure the ballot box with a seal that prevents the insertion of any further Ballots into that ballot box, sign the seal and have a witness sign the seal immediately thereafter.

13.22 The Ratification Vote Manager will ensure the security of the Ballots cast at the close of voting on each Voting Day by immediately placing the ballot box under lock and key to which no other person has access until the close of voting on the last Voting Day.

Counting of Results

13.23 Prior to opening the ballot boxes following the last Voting Day, the Ratification Vote Manager will ensure that the seal referred to in section 13.21 is both intact and contain the signatures of Ratification Vote Manager, any Community Ratification Officers present at the Voting Station and of the witness.

13.24 Following the last Voting Day, the Ratification Vote Manager, in the presence of one or more Community Ratification Officers, any scrutineer appointed by the Algonquins, a Community, the Government of Canada or the Government of Ontario and two (2) witnesses and excluding any other members of the public, will:

(a) open all ballot boxes;

(b) examine all Ballots;

(c) reject any Ballot according to sections 13.19 and 13.28; and

(d) count the number of Ballots marked "YES", the number marked "NO", the number of rejected Ballots, including the rejected mail-in Ballots and the spoiled Ballots.

13.25 A spoiled Ballot is a Ballot that has been handled by an Algonquin Voter in such a manner that it is ruined and cannot be used, or one that is found by the Ratification Vote Manager to be soiled or improperly printed in such a manner that the intention of the Algonquin Voter cannot be determined. The spoiled Ballot is not placed in the ballot box, but rather is marked as spoiled by the Ratification Vote Manager and set aside.
13.26 A cast Ballot is a valid Ballot that has been marked by the Algonquin Voter to indicate that voter’s intention regarding the Ballot Question.

13.27 An unused Ballot is a Ballot that has not been handled by an Algonquin Voter and remains with the Ratification Vote Manager at the close of the Voting Station. All unused Ballots must be counted and placed in an envelope and sealed.

13.28 A cast Ballot will be rejected if it:

(a) was not marked as either “YES” or “NO” and there is no indication of the Algonquin Voter’s intended vote;

(b) was marked as both “YES” and “NO”;

(c) has any writing or mark which can identify the Algonquin Voter;

(d) was torn and any printed words on the Ballot are missing in such a manner that the intention of the Algonquin Voter cannot be determined;

(e) is a mail-in Ballot received after the close of voting on the last Voting Day.

PART 14 CERTIFICATION OF RESULTS

14.1 When the mail-in Ballots have been counted, the Ratification Vote Manager will execute the Declaration Regarding Mail-in Ballots (Form 8) and provide it to the Ratification Committee.

14.2 When the results of the Ratification Vote have been determined, the Ratification Vote Manager will execute the Certification by Ratification Vote Manager (Form 9) and provide it to the Ratification Committee. The Ratification Committee will immediately inform the negotiators for the Algonquins of Ontario, the Government of Ontario and the Government of Canada of the result of the Ratification Vote.

14.3 The Ratification Vote Manager will post the tabulated results, including the number of votes cast, the number of “YES” votes, the number of “NO” votes for each Community, and may publish the tabulated results in the location where the Voters List was posted, and such other locations as he or she, or the Ratification Committee, may determine.

14.4 Any tabulated results posted by the Ratification Vote Manager will contain a notice on whether the ratification threshold was achieved and notice that final results on the Ratification Vote of all Algonquins of Ontario will determine whether the Agreement-in-Principle was approved.
14.5 The Ratification Vote Manager will seal in separate envelopes the spoiled ballots, rejected ballots (if applicable), the ballots cast in favour, the ballots cast against and the unused ballots. The Ratification Vote Manager, in the presence of two witnesses, will then affix his or her signature to the seals. The Ratification Vote Manager shall retain the ballots in a secure location under lock and key until directed to destroy the ballots by the Parties.

PART 15 PROCEDURAL DISCRETION

15.1 In order to give effect to and carry out the objectives and purpose of the Ratification Vote, the Ratification Vote Manager or the Community Ratification Officers may, if necessary, use discretion, exercised reasonably, as deemed necessary to fulfill the requirements of this Appendix.

15.2 The Ratification Vote Manager or Community Ratification Officers, as appropriate, will immediately state in writing the nature and basis of any such exercise of discretion and immediately make a copy of the statement available to the Ratification Committee.

REFERENCE MAPS AND APPENDICES FOR PROPOSED SETTLEMENT LANDS AND ALGONQUIN INTERESTS IN CROWN LANDS
How to Use Reference Maps and Appendices of Descriptive Plans

The maps included as part of the proposed Agreement-in-Principle provide information on the following two categories of Provincial Crown lands that are referred to in the proposed Agreement-in-Principle:

(a) Proposed Settlement Lands which are lands to be transferred to Algonquin ownership.

(b) Crown Lands that will continue to be administered and controlled by Ontario, and in which Algonquin interests will be recognized.

Two types of maps are used to illustrate the two categories of Provincial Crown lands (as noted above) that are referred to in the proposed Agreement-in-Principle:

(a) Reference Maps, which show either:
   i  proposed Settlement Lands identified in red, or
   ii  Algonquin interests in Crown lands as identified by the following markings:

(b) Descriptive Plans, which provide detail for individual parcels of proposed Settlement Lands or Algonquin interests in Crown land. The Descriptive Plans describe the acreage and boundaries of, and known legal interests in, individual parcels of land.

Reference Maps at the County or District level contain parcel numbers which correspond to the Descriptive Plans of individual parcels. You may access these Descriptive Plans in the following ways:

(a)  On the compact disc (CD) which has been made available by the three negotiating parties and which also accompanies the printed copies of the proposed Agreement-in-Principle
(b) On the internet at this website tanakiwin.com/aip.htm

(c) By making an appointment to view printed copies of the Descriptive Plans at one of the following locations:

Algonquins of Ontario: Email algonquins@nrtco.net; Phone 613-735-3759 or 1-855-735-3759 (toll free)

Ontario: E-mail alcinfo@ontario.ca; Phone 613-732-8081 or 1-855-690-7070 (toll free)

Canada: E-mail Revendication-Algonquins-OntarioClaim@aadnc-aandc.gc.ca; Phone 1-800-567-9604 (toll free) or 1-866-553-0554 (TTY toll free)

Additional information about the Descriptive Plans is outlined below. Please note that the following images are for illustration purposes only and do not reflect the actual size of the maps and charts within the Descriptive Plans.

Descriptive Plans are several pages long.

The first sheet shows the whole parcel and the municipality, County or District in which it is located. An example is found below.

The next sheet(s) illustrate(s) “parts”, which are features such as roads, easements, road allowances and water bodies within each parcel. Each part is numbered. For larger parcels, this may require several sheets. An example is found below.
A “part schedule” describes what each part is, whether it is included or excluded from the parcel, as well as the total area of the parcel. An example is found below.
